ABOUT EARTH BUILDERS CAMP

Earth Builders is a week-long summer camp designed purely to create environmental consciousness among children and expose them to a healthy and nature-friendly life.

OUR VISION IS TO:

- Teach the new generation the value of organic farming and healthy eating.
- Encourage youngsters to build a deep relationship to the environment, farming and food.
- Recreate the farm-to-table experience.
- Help youngsters understand Sustainability.

WHO CAN ATTEND

Students from Classes 9th to 12th, who are organic food lovers or nature club members. Must have a cycle in good condition and should be willing to travel daily from his home to camp office at Manarcad observing all safety measures.

Camp Director
Rotarian Sunil K.George

Camp Faculty

Bijumon Kurian, Organic exporter
and social entrepreneur
Govindaraj, Green photographer
Akash Satheesh, Sports Leader,
